WEDNESDAY, MARCH 24, 1847.

VOLUME XIII....NUMBER 228.

MAYOR'S ADDRESS, CITY COJNCIL, MARCH 15, 1847.

ittency has committed to us ane maragement of the sustained the past year. Thus must it ever be. A Street Commissioner at \$4,000; and for taking new guarded affairs of this City or the year on which we young, industrious, and enterprising population, whose streets a read; and of the control of the control

and the minute of the description of the peace of this state and the signest examination of the peace of this state and the signest examination of the peace of the state of the state of the peace of the state of the peace of t

with its vast chain of lakes, across this State, to the The expenditure for Streets and Highways the past wharves that project into the rivers and bays of the At year, as we same interest, has been large, on account of lartic. Of the prospective importance of these im the estructive scorl of March last,

exercise of due economy a ust and prudent forecast against that community incurred before the contact will determine the professed for permanent public mencement of the year. The amount of claims now against this department for the last year does not dx against this department for the last year does not dx.

The free sufrage of an intelligent and vi thous continued by the injunces. The credit of the City for promptitude. The sum necessary of repairs of Highways. Streets in innecting the claims upon its Treasury, has been fully and side wilks be present year is estimated by the sustained the past year. Thus must it ever be. A Street Commissioner at \$4,000; and for pasting new groups and streets against that community incurred before the contact when the past year.

by our election to these offices.

It will be appropriate to call to mind the variety yet terrst, should be let for those to may who are to de the call to mind the variety yet terrst, should be let for those to may who are to de the call to mind the variety yet terrst, should be let for those to may who are to de the call to may at a to its comfort of efficient terrst, should be let for those to may who are to de the call to that mounts to 2, 702, 19.

The important duties the City Wateli have been a standard to the call to the fearful was the calamity which swept our notice River. Severe that ion, must operate about as anjuriously union able to those with those with the sand that smote, was he same that posterity, as would the handing down to a postion of opinion seems to be that the number of these ought moulded the will and imparted the energy which has which, with these improvements, they will destroy and property and dent ancestors. It is must been the flootsteps of improvement. In those was a judgment is entitled to the highest restained in a mann and discretifiable to the numicipal-dustry and indomitable perseverance, sobiety and a to six housant dollars of the principal of the permanent. The Poice Court for the last three cuarters has updustry and indomitable perseverance, sobjecty and a to six housant dollars of the principal of the permative general favor of a smiling Providence, lave mounts of that the agreegate assessment shall not great. Judgel and it is given that office

my mind as required by the business and interests of the present lear, towards the reyment of that sum: lightened approve of the citizens. my mind as required by the business and interests of and that arrangements be made to produce the loan of Torone orangement of the Tolice and the City. And here cannot too deerly impress on \$15,000, for such term of years as shall be deemed Magistracy of the City, I would call specie, attention my own mind on on yours, the importance, on the part expedient, to meet the balance, provided it can be ob- The constant viola inns of the aws of this State by

hazard of incurring the imputation of an overduce esti- will obten a linecessary information as to the managegor, I am free to declard that no unprejudiced mind, ments the past verr, including permanent improved we are sworn to exercise to secure respect by the laws after an intelligent glande at the map of this State, and have been received from the sake of productions of the I would say in a relusion, that I enter upon the du-

provements to every section of the State, this is not tion was \$8,0 9. The amount drawn from that function the occasion to speak; and on y allude to them as during the year has been \$8 536.62—8)4.56 of which connected with the future wants of this City, In the sum has seen for the payment of claims of itstanding exercise of due economy a just and prudent forecast against that community incurred before the com-

telligently to rulfil the various and responsible duties created, of the wisdom with which it was expended, printipally to repairs on existing Streets

telligently to fulfil the various and responsible divises created, of the wisdom with which it was expended, print ipally to deful repairs on existing Streets wolved in these trusts. Our honors in these stations are not questions or is now on here to discuss. The much as we may desire to accommonate our, fellow debt is upon as, and will be paid annually out not so large strattened.

In accepting these trusts, we have p edged to their execution our best judgment, and highest powers. We have execution our best judgment, and highest powers with the current expenses of the fact that. The claim of our fellow able that the ax-rayer should be under the necessity of reverence or truth or reacration for Goc, or obedience to conscience, we shall assict to the strategy of the extraction of our rel ow citizens, evinced by our election to these offices.

fearful was the calamity which swept our no le River, severe taxation, must operate about as anjuriously u for able to those all live canaposed it. The general

and by the general tayor of a smiling Providence, save mount so that the aggregate assessment shall not great. Judgel and it is never that it is different as been abundantly fruitful.

In compliance with the provisions of the City Chartan and it will be for the present Council and the same and it will be for the present Council and the same and it will be for the present Council and the same and it will be for the present Council and the same and it will be for the present Council and the same and it is in order that office aggregated. But on no achieve been per or set as creditably and the same are the city of the same and it will be for the present Council and the same and it will be for the present the city of the same and it is in order than the same and it will be for the present the city of the same and it is in order than the same and it is in order to be same and it is in order to be same and it is a present the city of the same and it is in order to be same and it is a present the city of the same and it is in order to be same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the same and it is a present the city of the city of the same and it is a present the city of the city of

of each, of making ourselves personal y and intimately tained at a reasonable interest.

those engaged in vaiding utomeating hiquo's without adquainted with the state, wants, and operations of the I deem it the opin mmediate precessors to say, license, are a several departments. This is the more important at that \$10,000 of the permanent debt has been paid the community and widely out of keeping with that several departments. This is the more important, at the last year and the temporary loans have been restandard in other respects. A deep and pervading this time, inasmuch as the minimal appropriations duced \$3,000. The whole amount of the permanent interest in this supect has been a wakened, and a must be made very early in the year.

This is the more important, at the last year and the temporary loans have been restandard in other respects. A deep and pervading this time, inasmuch as the minimal appropriations duced \$3,000. The whole amount of the permanent interest in this supect has been expressed to check this must be made very early in the year. I can give, on this occasion, but a me to outline of the list \$3,000.

The Reports of each for the past year will be before at the very foundation of the intelligence, virtue, or seem a custom and acceptance at the very foundation of the intelligence, virtue, or seem a custom and acceptance at the very foundation of the intelligence, virtue, or seem a custom and acceptance at the very foundation of the intelligence, virtue, or seem a custom and acceptance at the very foundation of the intelligence, virtue, or seem a custom and acceptance at the very foundation of the intelligence, virtue, or seem a custom and acceptance at the very foundation of the intelligence, virtue, or seem a custom and acceptance at the very foundation of the intelligence. you; and in these reports you will fine inner worth perity, and partious of the rising generation. Our towards the prevalence of temperatics, and partious of your attentive consideration coming as they do from republican institutions are only permanent, as education point is how reaches rom which it is be leved a power towards the point is now reaches rom which it is be leved a power towards the point is now reaches rom which it is be leved a power towards the point is now reaches rom which it is be leved a power towards. men who have find the best opportunities to judge corOur schools, as they have been must continue to be ballot box in our lowers and cities, and in several of rectly of the practical operation of measures, and of iberally sustaired. The importance of this is seen the States, as on is veto upon the traffic. Courts the obstacles to be overcome. While we should not most strongly per paps, in the influence our schools are and juries are, to serie extent culore ng the just penberblindly led by these recommendations still, as combe blindly led by these recommendations still, as coming from men wio have well performed he duties of The children a libreigners, drawn into our schools, and recent cension of the long and severely contested their several offices, they should be favorably received, mingling with the native born reading the same questions of the constitutionality of the License laws their several offices, they should be favorably received, and made the stanulant to carnest inquiry.

The finances will claim your earliest and most solicitious attention. Our constituents expect of us the most rigid economy in expenditure; consister with the prospective interests of the City. Each appropriation should be made inter a full knowledge of the necessities of the department to which it is applicable and should be sufficiently large, so that by an economical subject and or over gratifying exhibit of the state.
